Gen. Curtis E. LeMay
Commander
Strategic Air Command
Offutt Air Force Base
Omaha, Nebraska

Dear General LeMay:

I have just dictated a letter to General Twining thanking him for the trip which was arranged by the Air Force Headquarters for a number of our people to visit SAC. I imagine that this will reach you in due course. However, I wish to express to you my personal appreciation for the efforts made by SAC to make this trip profitable.

As I said to General Twining, I know from my own experience that trips of this sort are very educational and contribute a great deal to one's background as he approaches his work. In efforts such as ours, which are closely inter-related with the work of the services, this type of guidance is most valuable.

Thank you again for all that your organization did to make the visit beneficial. I would appreciate it if you would pass my thanks to the Air Force Commander involved, as well as to the unit commanders.

Sincerely,

SIGNED

Allen C. Dulles
